BRAINCON 2026

About

BRAINCON 2026

ORC Meetings hosts annual interdisciplinary international events focused on cutting-edge basic and applied research in Life Sciences, Pharma, Medicine, Healthcare, and Nursing. We bring together top talent from industry and academia to share the latest scientific and technical advancements and to shape future research directions through high-quality publications.

Over the years, ORC Meetings has become a preferred platform for experts, researchers, and academicians to present their significant contributions. We provide a unified space for authors and readers to exchange knowledge with the global scientific community.

Our aim is to connect researchers, principal investigators, healthcare professionals, business delegates, scientists, and students worldwide. ORC Meetings offers an international forum for presenting original research, innovative ideas, and practical development-while fostering long-lasting collaborations and new partnerships.

Join global thought leaders and inspiring speakers at ORC Meetings as they discuss emerging advances across medical, clinical, and engineering disciplines. Our mission is to promote the exchange of insights and to advance research that enhances health, treatment, and innovation across diverse fields.
